servant LEADERSHIP

A new program of the
Bedford County Chamber Foundation
specifically designed for graduates of
Leadership Bedford County and other
leadership-minded members of the
Bedford County business community.

Beginning: Fall 2015

Presented by:

Extreme Leadership Bedford County

taking servant leadership to the next level...for you, your business & our community

The traditional Leadership Bedford County program is considered one of the most valuable ongoing programs of the Bedford County Chamber of Commerce. With more than 220 graduates having experienced the unique educational events, tours and team-building activities of LBC, representing dozens of local companies, the Bedford County Chamber Foundation is pleased and excited to present this next chapter of Leadership experience.

Extreme Leadership Bedford County, or X-LBC is designed to reconnect Leadership Bedford County graduates with their peers as well as the program. It will also appeal to LBC prospects, giving future class members as well as the general business

community the opportunity to experience the value of this unique servant leadership program.

Cost for LBC grads will be \$65 per session, including lunch, snacks and beverage service. The day's schedule will be divided into morning and afternoon phases. Recognizing the challenge of busy schedules, attendees are invited to come when you can and leave when you must.

Registration for non-LBC grads will be \$100 per day; \$35 of which will be credited toward tuition if the attendee enrolls in the traditional LBC program in the future.

Envision: self improvement ~ business betterment ~ community commitment

The Bedford County Chamber Foundation
in partnership with CenturyLink
invites you to join us for a new level of servant leadership!

SPEAKERS

Sessions will feature a series of local, regional and nationally-known speakers sharing their knowledge and experiences on a variety of leadership topics.

Facilitated discussions will draw on the questions, viewpoints and interests of the session attendees making each meeting unique and interactive.

COMMUNITY SERVICE

Discover community service opportunities throughout our community by participating in X-LBC. Each session will create valuable networking situations with stakeholders in many of the area's non-profit and service organizations. Find out how you can make a difference in our region.

Also, in lieu of a "class project" participants will be invited to take part in a "Random Acts of Kindness" Initiative.

TOURS & TRIPS

X-LBC will take participants to venues throughout the county and beyond for program sessions, business tours, and more. Highlights of the schedule will include a legislative excursion to Harrisburg to discuss current affairs and governmental leadership.

During program off-years, look for fun and educational X-LBC day trips to unique leadership-inspired venues like Gettysburg, Pittsburgh and others.

BOOK CLUB

The X-LBC program will include a resources list through which all participants may share book suggestions, ideas and comments on publications with leadership themes. Information about publications written by featured speakers will also be included in this unique online leadership reference library.

GRADUATE LEADERSHIP RECOGNITION

X-LBC will provide a new avenue for recognition for all graduates of the traditional Leadership Bedford County program and similar programs throughout the Chambers of the Alleghenies. A graduate leadership checklist will give these servant leaders the opportunity to set and achieve goals, through both their own professional endeavors and through service to our community at large.

- Completion of at least ten (10) X-LBC Sessions
- Service as part of a non-profit board
- Leadership role in a service organization
- Letter of reference—professional
- Letter of reference—community
- 500 word leadership essay

Those who complete the above will receive recognition in the form of a prestigious certificate and leadership-themed gift for display, as well as special listing on the Leadership page of the Chamber website.
